WRITTEN COMPONENT

You may not have a complete life plan, but the Awards Committee needs a genuine, well-written, realistic, and thoughtful proposal which covers the following topics to assess each candidate's needs.

#1 – Your post-secondary plans

- a) Please be as specific as possible about your post-secondary plans. Some organizations and service clubs give preference to students who plan to follow a **particular area of study or training**.
- b) As detailed as possible, speak to the cost of your plans. This demonstrates that you have considered the financial aspect of your future plans.

****** It is important to note that some scholarships and bursaries must be used this coming year and others can be held for up to a maximum of 18 months depending on the scholarship donor. Clearly discuss when you plan to start your post-secondary training and at what institution you are planning on attending. ******

Also, check the most appropriate statement:

- ___ I will be attending post-secondary in the fall
- ___ I have applied to post-secondary for the fall, but I may defer
- ___ I will be taking a gap year, but aim to attend post-secondary the following year

#2 – Contributions and involvement

- a) Speak to the ways that you have contributed to your school and community.
- b) How have these opportunities impacted your self-concept as well as impacted your decisions for your future plans?

#3 – Personal Reflections

- a) Speak to both the opportunities and challenges you have experienced and how they have influenced your personal growth.
- b) Reflect on what sets you apart from others as a recipient for these awards.
