

114: BOARD DELEGATION OF AUTHORITY (P)

Approved: 15 01 13

POLICY

The School Act allows the board to delegate some of its responsibilities and powers to others.

The Board of Education authorizes the superintendent to do any act or thing or exercise any power that the board may do, or is required to do or exercise, except those matters which, in accordance with the provincial legislation, cannot be delegated.

Notwithstanding the above, the board also reserves to itself the authority to make decisions on specific matters requiring board approval in accordance with board policies. Further, the board requires that any new provincial, regional or local initiatives must be initially brought to the board for discussion and determination of decision making authority.

The superintendent is directed to develop an administrative procedure to fulfill board obligations created by any federal legislation or provincial legislation other than the School Act.

In the absence of board policy in cases where an immediate administrative response is required the superintendent will:

- **If time permits, consult with the board chair.**
- **Inform the board as soon as is practicable and at the next regular meeting of the action taken and the nature of the emergent issue and where warranted, the need for policy and or administrative procedure in the event of future occurrences.**
- **The action must be taken by the superintendent with regard for the tenor of the board's philosophy.**
