### **POLICY STATEMENT**

The Board of Education recognizes its responsibility to provide as safe a learning environment as practicable for all students, including those with life-threatening allergies (anaphylaxis). Anaphylaxis is defined as a sudden and severe allergic reaction that can lead to death if untreated, typically caused by exposure to specific allergens such as certain foods, insect stings, medications, or latex. Immediate treatment with epinephrine is essential to prevent severe outcomes.

Even though each situation is unique, and each student's allergies are different, there must be consistent strategies in each school. Schools must endeavor to minimize the risk of exposure without depriving the anaphylactic student of ordinary peer interactions or placing unreasonable restrictions on the activities of other students in the school. Parental/guardian involvement in all phases of planning must be encouraged, as it can result in the greatest degree of success and community acceptance.

While it is impossible to guarantee an allergen-free environment, the Board is committed to fostering "allergy-aware" schools through education, awareness, preventative strategies, and effective emergency response protocols.

## PLANNING REPORT

To: ACRD Board of Directors

From: Brooke Eschuk, Planner I

Meeting Date: February 26, 2025

File #: PL20240096/RF24015

Electoral Area: F - Cherry Creek

Subject: Rezoning RF24015 – 6088 Cottam Road (Bennett)

**Recommendation:** 

THAT the Alberni-Clayoquot Regional District Board of Directors consider first reading of Bylaw P1524 Alberni-Clayoquot Regional District Zoning Atlas Amendment Bylaw at a future date, and that notice be given in accordance with section 467 of the Local Government Act.

THAT the Alberni-Clayoquot Regional District Board of Directors confirm that adoption of Bylaw P1524 is subject to:

- a. Confirmation from a Registered Onsite Wastewater Practitioner that the parcel can accommodate onsite sewage disposal to a 0.24 ha minimum lot size.
- b. Meeting all technical referral agency requirements.

Note: The *Housing Statutes (Residential Development) Amendment Act* (Bill 44) was enacted in November 2023 as part of several legislative changes relating to housing. The new legislation phased out one-off, site-by-site public hearings for housing projects that are consistent with area Official Community Plans(OCP). As this rezoning is consistent with the Residential Use policies in the Cherry Creek OCP, a public hearing cannot be held. The neighbour notification and public notice advertising provides the opportunity for public input on the application process.

**Development Proposal:** The property owners are applying for a zoning amendment to rezone the property from Small Holdings (A1) District to Acreage Residential (RA3) District to facilitate a four-lot subdivision at a future date. If the rezoning is successful, at the subdivision stage the applicants will require parcel frontage waivers for proposed Lots 2-4 and will also be subject to the park land dedication requirements of section 510 of the *Local Government Act (LGA)*.

**Advisory Planning Commission Recommendation:** The Cherry Creek Advisory Planning Commission reviewed the application at their February 10<sup>th</sup> meeting and passed a motion to support the rezoning as presented.

### Services:

- a) Sewage Disposal: The parcel is serviced by an on-site wastewater disposal system. Each of the proposed four lots would be serviced by individual septic systems. The applicants submitted a report from a Registered On-site Wastewater Practitioner, dated January 6, 2025, that confirms that the parcel can support individual on-site sewage disposal to a density of 0.24 ha.
- **b)** Water Supply: The parcel is serviced by the Cherry Creek Waterworks District. At the time of subdivision, the applicant must satisfy all Cherry Creek Water requirements, including all payment of applicable fees, prior to subdivision approval.
- c) Fire Protection: The property is protected by the Cherry Creek Fire Department.
- d) Access: The property owner will need to apply for a parcel frontage waiver for proposed Lots 2, 3, and 4 as per section 512 of the *Local Government Act* to reduce frontage requirements. The three parcels will not meet the 10% requirement set out in legislation. Proposed Lot 1 fronts onto Cottam Road in the east, Lots 2 and 3 would have individual panhandles with a reciprocal access agreement for a shared driveway from Cottam Road, and Lot 4 would be accessed from Walmer Road to the west.
  - i. Parcel Frontage Waiver: The applicant must receive a parcel frontage waiver for proposed Lots 2-4 prior to subdivision approval.

### Planning Policy Discussion:

a) Official Community Plan: The Cherry Creek Official Community Plan designates the subject property as Residential Use.

The Residential Use designation supports a 0.24 hectare (0.6 acre) minimum lot size where the lots are connected to communal or community water or sewer. The proposed lots would be connected to community water provided by the Cherry Creek Waterworks District. The objective of the Residential Use designation is to allow for a range of housing options within the Plan area. The parcel is not impacted by a development permit area and is not within the Agricultural Land Reserve.

This proposal complies with the policies and objectives of the Cherry Creek Official Community Plan.

- b) **Zoning:** The parcel is zoned Small Holdings (A1) District which provides for agricultural and rural uses.
  - i. Park land Dedication: At the time of subdivision, the property owner must satisfy the requirements of section 510 of the Local Government Act. The applicants must dedicate 5% of their subdivided land or provide an equivalent of 5% cash-in-lieu of park land for community park land acquisition.

	Current: A1	Proposed: RA3
Minimum Lot Area (ha)	0.8	0.24
Minimum Lot Width (m)	50.2	30
Principal & Accessory Front Yard Setback (m)	7.6	12.2
Principal Side Yard Setback (m)	1.5	4.6
Principal Rear Yard Setback (m)	9.1	9.1
Accessory Side Yard Setback (m)	4.5	0.9
Accessory Rear Yard Setback (m)	4.5	0.9
Watercourse Setback (m)	30	30

The property owners are applying to rezone the parcel to facilitate a four-lot subdivision at a future date. The proposed lots meet the minimum lot area, lot width, and building setback requirements of the RA3 zone.

**Comments:** The property owner is applying to rezone the parcel from Small Holdings (A1) District to Acreage Residential (RA3) District to facilitate a four (4) lot subdivision.

The parcel contains a single family dwelling and accessory buildings. The property has been partially cleared while proposed Lot 4 remains mostly treed. The parcel slopes from Walmer Road toward Cottam Road. The existing drainage ditch along the south side of the property will be relocated to provide access to proposed Lots 2 and 3 with a reciprocal access agreement registered on title.

At the subdivision stage, the applicants would need to apply for a parcel frontage waiver for Lots 2-4, satisfy the park land dedication requirements as three or more lots would be created by subdivision (section 510 of the LGA), and satisfy any water connection requirements of the Cherry Creek Waterworks District.

The proposed subdivision is consistent with the policies of the Cherry Creek OCP and would create additional residential housing opportunities in the community. It is recommended that the Board proceed with the public notification process.

Attention: Alex Dyer

Dear Alex:

## RE: Zoning Amendment Application for Lot 13 District Lot 96 Alberni District 6088 Cottam Road, Port Alberni

On behalf of our clients, Christopher and Michell Bennett, we are applying for a zoning amendment of the above property to change the zoning from A1, with a 2 acre (.8ha) minimum parcel size to RA3, which would reduce the minimum parcel size to .59 acre (.24ha). The zoning amendment is to facilitate a 4-lot subdivision as shown on the Proposed Subdivision Plan prepared by Prism Land Surveying Ltd. (Prism).

### BACKGROUND

This 3.09 acre (1.25ha) gently slopes from the west to the east towards Cottam Road. It has a forested area to the west which covers a good portion of the property and along the western boundary, there is a 10.08m frontage onto Walmer Road. The areas surrounding the existing dwelling and shop, which are located on proposed Lot 1, as shown on the Proposed Subdivision Plan, have been, mostly, cleared. The property borders onto Cottam Road to the east and is surrounded by similar rural residential properties in all directions.

The property will be serviced by Cherry Creek Water District and individual septic systems. The clients have contacted Blair Pletti, ROWP, who will assess the soils to identify primary and reserve septic areas on proposed Lots 2, 3 and 4 to ensure Island Health Subdivision Standards are met. There is an existing septic system on proposed Lot 1 and this system will be tested to ensure that it is in proper working order and to identify a reserve area. We will forward ACRD the results when the information is available.

### PROPOSAL

Our clients propose to amend the zoning to allow for higher density to facilitate a 4-lot subdivision.

The ACRD supports higher density and recognizes there may be a need for additional housing and a diversity of house types to increase supply and affordability. This proposal provides an opportunity for infill development which will provide continued economic growth in the area. The proposed zoning would also be consistent with many properties in the area.

### **DEVELOPMENT PERMIT AREAS**

The subject property does not lie within any Development Permit Areas and there are no eagle/heron nesting trees identified by our client.

### PARKLAND DEDICATION

At subdivision stage, this development will trigger the requirement for parkland dedication as required under Section 510 of the *Local Government Act*.

### FRONTAGE RELAXATION

Proposed Lots 2, 3 and 4 would require an exemption from the requirements of Section 512 of the *Local Government Act* to reduce the frontage requirements as follows:

Proposed	Perimeter	Required	<b>Total Proposed</b>	Approximate
Lot	(m)	Frontage (10%)	Frontage (m)	% of Perimeter
2	321.46m	32.14m	6.00m	1.9%
3	421.88m	42.18m	6.00m	1.4%
4	223.61m	22.36m	10.08m	4.5%

Both proposed Lots 2 and 3 would be secured by a reciprocal access easement registered on title. Therefore, proposed Lots 2 and 3 would share and maintain the 12.0m wide panhandle area.

Proposed Lot 4 is surrounded by other properties but has a 10.08m frontage on Walmer Road which will serve as access.

### **ENCLOSURES**

In support of this application, we enclose:

- Application for Development form;
- Title search;
- Letter of authorization; and
- Proposed Subdivision Plan prepared by Prism Land Surveying Ltd.

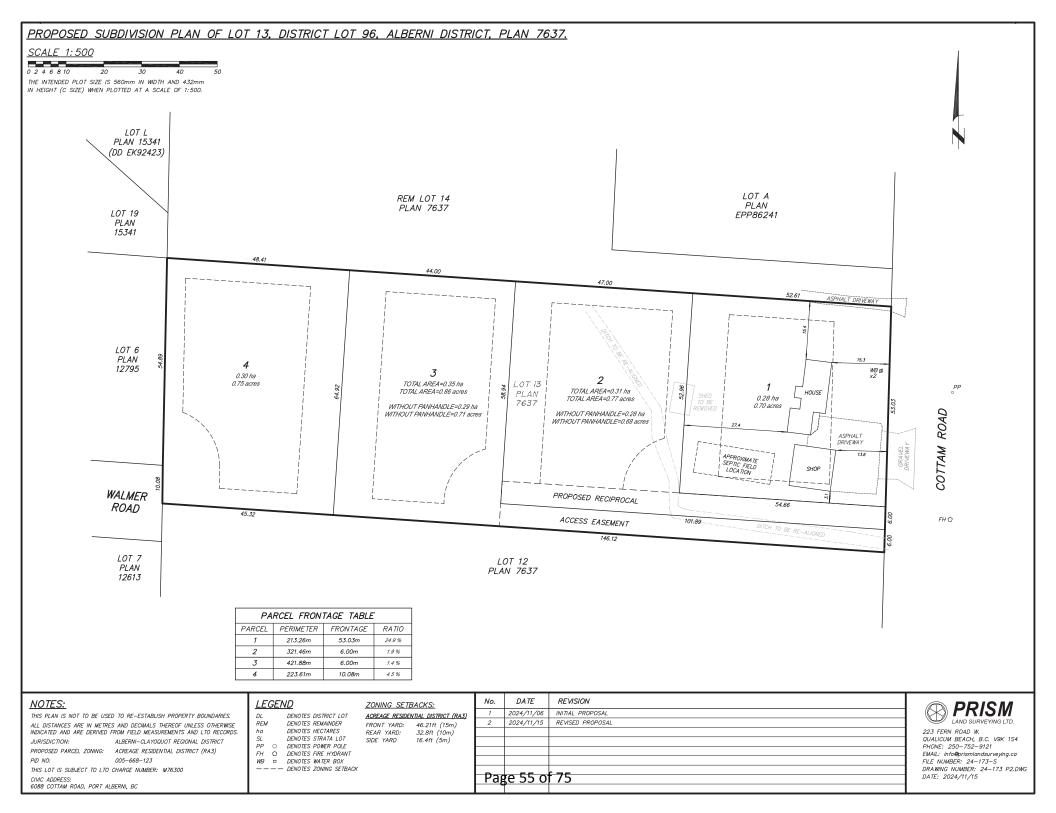

We will be paying the fees by credit card. Please advise when you are ready to accept payment by phone.

We look forward to working with the ACRD on this development.

Sincerely,

Hemlin

Dear Board of Education Chairs:

I am writing to provide you with an update on funding for child care on school grounds pilots in your respective school districts.

Like you, I firmly believe that schools are at the heart of communities and that they offer the potential to help address the child care needs of families. Since the launch of the Child Care BC plan in 2018, the Ministry of Education and Child Care gradually introduced several child care on school ground pilot initiatives.

These pilots are referred to as the "Integration Inquiry Project", which occurred in 3 school districts, the "Just B4" preschool offered in 24 districts, a "School Age Child Care" project in 3 districts and a "Seamless Day Kindergarten" pilot in 33 districts. These various pilot models were designed to explore the integration of education and child care through different program models and service delivery approaches. There are currently 38 of 60 school districts participating in 1 or more pilots.

The Ministry is extending funding for an additional year with the condition that districts work with the Ministry in establishing more sustainable models of child care delivery. Funding allocations will be determined based on the pilot programs the district is operating, and will be targeted to support sustainability of existing child care spaces.

The year ahead will be focused on transition, with support from the Ministry, to ensure that the existing child care spaces families depend on are operational next school year. The Ministry will also be working on government policy, and with each of these districts over the coming school year, to support continued expansion of child care on school grounds.

Page 67 of

I also want to share that the Ministry has been evaluating the various models. Findings have highlighted key learnings, opportunities and barriers that school districts experience when it comes to expanding child care on school grounds, particularly in terms of school-aged care. This includes specific challenges with moving from pilot models to sustainable child care programs as highlighted in the Trustee motion put forward in September 2024, Stable Operating Funding to Support Coordination of School District Child Care Spaces. All of this will be incorporated in our work over the next school year.

The Ministry is committed to continue working to expand access to school age care on school grounds and ensure continuity of care that meets the needs of children, families, and school communities.

I hope you find this information helpful. I wish your Board every success with the child care pilot projects and commend you for your leadership and collaboration in the continued success of child care initiatives in schools across the province.

Sincerely,

dia Bear

Lisa Beare Minister
