330: DISPOSAL OF DISTRICT PROPERTY OR FACILITIES (P)

Where the Board of Education determines that any given land and/or facility is surplus to current or future needs, the Board must seek the approval of the Minister to dispose of the property by sale, transfer, lease (of more than 10 years), or land exchange in whole or in part, unless the sale or lease is to another School Board, the Conseil Scolaire Francophone (CSF) or an independent school.

When disposing of land and/or facilities, the Board will follow a public process consisting of established guidelines.
