POLICY

The Board of Education believes planning for emergencies is a priority for schools. The Board of Education expects schools, with support from the district staff, to regularly review and update their emergency plans and to communicate emergency plans with staff, students and parents. Emergency procedures will comply with all relevant legislation including the BC Fire Code and will follow recommendations for emergency preparedness as outlined by Emergency Management BC.

The Board of Education expects that each school district facility to have adequate first aid supplies, flashlights, food, water and blanket supplies to sustain students and employees for a minimum of 72 hours.
