

Pacific Rim Resource Guide

Mental Health and Support Resources for
Children, Youth, and Families in Pacific Rim

Approved: July 2024
Revised: September 2024

Land Statement and Acknowledgment

Pacific Rim School District covers much of Central Vancouver Island's rugged, picturesque West Coast and serves a regional population of approximately 31,000 residing on the ha-houlthee of the cišaaʔath, hupačasath, tlao-qui-aht, Yuuʔuʔiʔath, and Huu-ay-aht First Nations within the communities Port Alberni, Tofino, Ucluelet and Bamfield. We gratefully acknowledge that we work alongside these Nuu-chah-nulth nations as well as the Ditidaht, Uchucklesaht, Toquaht, Ahousaht and Hesquiaht First Nations, the Métis Nation of British Columbia and the Alberni-Clayoquot Métis Society to serve the children and youth of the Alberni-Clayoquot region.

Guiding Principles

The Pacific Rim Resource Guide aligns with our Strategic Plan's focus area of promoting mental health and emotional well-being for all. We recognize that it can feel uncomfortable to talk about distressing life circumstances and hard to reach out for help. However, it is a respectful and honorable choice to do our best in taking care of ourselves and others. This concept is beautifully described in the four pillars of nuu-chah-nulth life: ʔiisaakst'atin (respect one another), hahopst'atin (teach one another), yaaʔakst'atin (love one another), and hupiiicst'atin (help one another). The ups and downs on our journeys through life are constantly shifting, as is our learning and ways of helping. Ni Kishkayhtaynaan chi Wiichihwayaahk (Metis for 'we are learning to help') illustrates this principle and helps guide our efforts to seek supports in ways that are culturally safe, wholistic, and appropriate for the individuals and families we serve.

Updating

The Pacific Rim Resource Guide is a living document, meaning it requires regular updating and revisions to remain current and relevant in the face of evolving budgets, programs, and staffing capacities. The Pacific Rim School District strives to provide you with the most accurate and up-to-date information possible. Please help us with these efforts by emailing daat@sd70.bc.ca should you become aware of any resource updates or additions that may be required.

Caregiver Supports and Resources

Confident Parents: Thriving Kids – Anxiety Program

[Anxiety – Confident Parents: Thriving Kids \(cmhacptk.ca\)](http://cmhacptk.ca)

A free skill-building program designed to help parents support their children aged 3–12 who are experiencing mild to moderate challenges with anxiety. You'll learn effective skills and strategies to empower you and your child to manage their excessive fears and worries and strengthen your role as a parent through a series of short online videos, supported by 4 to 8 weekly coaching sessions by phone. Coaching sessions can be scheduled during day, evening and weekend hours. This program can be referred to by a mental health clinician, doctor, and/or school counsellor/teacher.

Confident Parents: Thriving Kids – Behaviour Program

[Behaviour - Confident Parents: Thriving Kids](http://cmhacptk.ca)

Telephone-based coaching service for parents proven effective in reducing mild to moderate behavioural problems in children ages 3–12. Through a series of 6 to 14 weekly coaching sessions, along with exercises and workbooks, trained coaches empower parents and caregivers to learn effective skills and techniques that support social skills and cooperation in their child. This program is free and must be referred to by a doctor or pediatrician.

This Blog post offers information, resources, and helpful suggestions for supporting and parenting children and youth who are exploring their gender identity. Please note that the resources included in this article are Australian based and are included with the intention of offering helpful support. It is not intended to be directive or endorsing.

SOGI (Sexual Orientation and Gender Identity)

[Sexual Orientation and Gender Identity \(SOGI\) - Province of British Columbia \(gov.bc.ca\)](#)

Everyone has a sexual orientation and gender identity (SOGI). It's an inclusive term that applies to everyone, whether they identify as lesbian, gay, bisexual, transgender, queer, two-spirit, heterosexual or cisgender (identifying with the same gender that one was assigned at birth).

It's important for schools to be inclusive and safe spaces for students of all sexual orientations and gender identities. Being SOGI-inclusive means:

- Speaking about SOGI in a way that makes every student feel like they belong
- Not limiting a person's potential based on their biological sex and how they understand or express their gender
- Welcoming everyone without discrimination, regardless of their sexual orientation or gender identity

Trans Lifeline Crisis Support

Vancouver Island Counselling Centre for Immigrants and Refugees

Home | VICCIR

VICCIR offers counselling services to immigrants and refugees living on Vancouver Island. The counselling services are grounded on the recognition that each individual is unique, and treatment plans are tailored accordingly. Cultural norms are respected as is the value of expressing oneself in one's own language. If a counsellor does not speak a client's language, one of VICCIR's interpreters serves as a bridge, both linguistic and cultural. There are sliding fee scales available and support for those who require financial assistance to access counselling services.
