Canada's Pacific Rim International Student Program (PRISP) is committed to providing challenging and rewarding educational programs for all International Students. Our student selection process emphasizes diversity and includes an enrolment cap that ensures a quality experience for all participants. For the past twenty years the Pacific Rim International Student Program has hosted students from Japan, Thailand, Korea, China, Hong Kong, Germany, France, Mexico, Czech Republic, Kazakhstan, Argentina, Luxembourg, Brazil, Denmark, Finland, Holland, Sweden, Norway, Belgium, New Zealand, Chile, and Hungary.

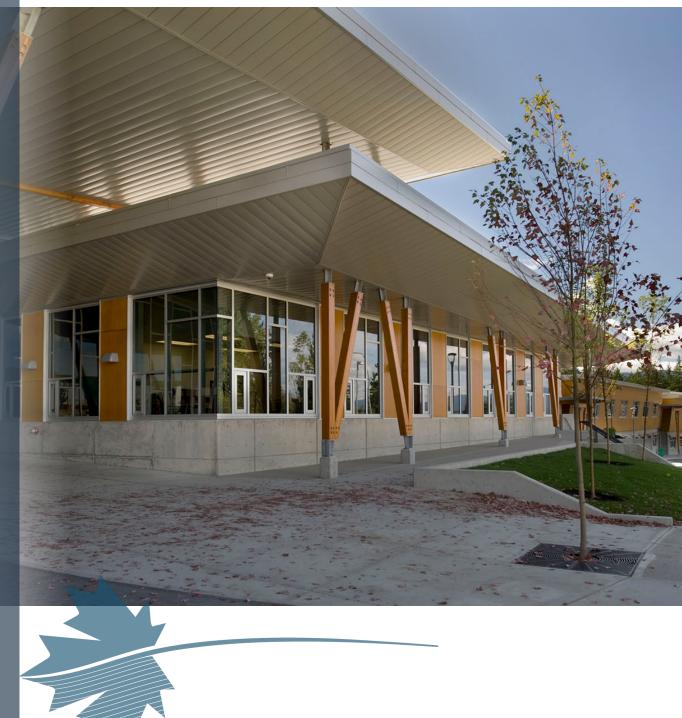

#### ALBERNI DISTRICT SECONDARY SCHOOL

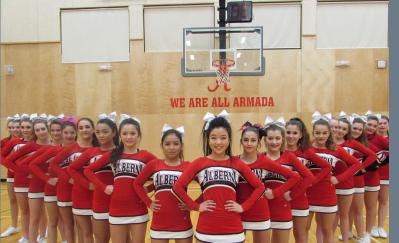

Located in central Port Alberni, Alberni District Secondary School (ADSS) serves secondary aged students in Port Alberni and neighbouring regions of the Alberni-Clayoquot Regional District. Built as a replacement school (2013) the new ADSS, LEED® GOLD certified campus on Roger Street is a spacious, open, light-infused school situated adjacent to North Island College, Alberni Valley Multiplex, Bob Dailey Stadium, Echo Centre Library, Museum and Recreation Centre, and numerous outdoor recreation facilities.

ADSS's two gymnasiums, all-weather playing field and modern 500-seat performing arts theatre also provide venues in support of various community organizations.

Over the past fifteen years, ADSS has transformed itself from a Grade 10-12 senior secondary school to its current Grade 8-12 configuration. This dual track secondary school offers comprehensive academic, arts, athletics and trades programs, including a wide range of dual-credit and advanced-entry postsecondary courses.

#### PACIFIC RIM OUTDOOR ADVENTURE ACADEMY AT USS

Ucluelet Secondary School is a small rural school nestled on the outer West Coast of Vancouver Island. Located between two units of spectacular Pacific Rim National Park with majestic Barkley Sound to the south and the Clayoquot Sound UNESCO Biosphere to the North our students are immersed in the natural outdoor beauty of Canada's pristine beaches, mountains and sea. Our program takes full advantage of our natural surroundings to explore, learn and grow in a safe and challenging outdoor environment. Students will develop both mentally and physically as they gain valuable skills, credits and certifications in a fun and enriching team atmosphere. Students will plan implement and participate in a variety of activities.
