

XXX: Use of School District-owned Vehicles (P)

Approved: 24 09 24

POLICY STATEMENT

Boards of Education implement policies regarding the use of School District-owned vehicles to ensure responsible and efficient utilization of resources. Such policies establish guidelines for the safe operation, maintenance, and allocation of vehicles, promoting student and staff welfare. Moreover, they help mitigate risks associated with vehicle misuse or unauthorized use, safeguarding the District's assets and reputation. By setting clear regulations, Boards uphold accountability and transparency within the school community, fostering trust and effective governance.
